**Fight Colorectal Cancer**  
2015 Annual Impact Report  
July 2014–June 2015

“This year it became clear to me that our vision is our greatest story. We envision victory over colorectal cancer. Embracing this vision helped us to focus our approach, take advantage of our strength in advocacy, grow our research efforts and increase patient resources. This has led to new opportunities to touch the lives of families impacted by this disease.”

— Anjee Davis, president

"What can I say about Fight Colorectal Cancer? They appeared at the start of one of the hardest things my family and I had to face with welcoming arms and a package of info, goodwill and connections to like-minded people. They were inspirational with their work on the national political stage for the cause and instrumental in not only getting me through treatments, but helping me maintain control and keep it positive."

— stage IIIb survivor Jay Weissman

Founder Nancy Roach & Fight CRC accepted the Jagelman Award from the American Society of Colon and Rectal Surgeons. Nancy is a long-time advocate who serves on numerous committees and boards with the National Cancer Institute, Stand Up To Cancer and the American Association of Cancer Research. Additionally, she co-authored several published articles as a research advocate this year.

Colorectal cancer researcher Andrea (Andi) Dwyer also serves as our Director of Health Promotions. Her extensive work in screening and survivorship issues was published this year in the Journal of Cancer Survivorship, Journal of Public Health Management and Practice, American Journal of Preventive Medicine and the Journal of Cancer Education.

Our advocates and staff spoke at Hill Briefings on precision medicine and screening technologies, and at the Black Caucus.

Fight Colorectal Cancer team members are actively involved and contributing to build and inform the body of evidence for scientific, public health and advocacy issues through development of manuscripts for peer-reviewed journals and opinion pieces.

We worked with Reps. Charlie Dent, Mike Fitzpatrick, Leonard Lance & Donald Payne, Jr. to form our Congressional Advisory Committee.

The Blue Star States campaign won the 2014 Blue Star Challenge from the National Colorectal Cancer Roundtable (NCCRT).

“In the 10 years since we founded C3 — now Fight Colorectal Cancer — I’m proud of how much we’ve grown — and not just by our impressive numbers and impact. I’m proud of how much we’ve grown as a family. Fight CRC advocates have become shoulders to cry on and cheerleaders who celebrate. We are the faces of strength in light of this disease. It’s been our shared experiences, the good and the bad, that have bonded us together and it’s those connections that make our advocacy and action so powerful.”

— Nancy Roach, founder and chair of Fight CRC
