WHAT IS THE COLORECTAL CANCER CAUCUS?

The Colorectal Cancer Caucus is a voluntary, bipartisan coalition of Members of Congress united in the fight against colorectal cancer. This caucus works collaboratively to:

- **Lead the charge** in educating Congress on critical colorectal cancer issues.
- **Drive momentum** for policy changes that improve lives and outcomes.

WHAT CAN MEMBERS OF CONGRESS EXPECT WHEN THEY JOIN THE COLORECTAL CANCER CAUCUS?

- **Exclusive updates** on legislative efforts and advances in colorectal cancer research and advocacy.
- **Personal invitations** to Congressional briefings on key topics facing the colorectal cancer community.
- **Opportunities to drive policy** for constituents affected by the number one cause of cancer death for Americans under 50 and the second leading cause of cancer deaths for men and women combined.
