

COLORECTAL CANCER'S IMPACT ON: OREGON

This year in **Oregon alone**, there will be an estimated*:

1,890
NEW COLORECTAL
CANCER CASES

670
COLORECTAL
CANCER DEATHS

71.8%

OF OREGON RESIDENTS ARE UP-TO-DATE
WITH COLORECTAL SCREENING**.

Does Oregon benefit from a CDC supported colorectal cancer screening program?

**YES, OREGON'S CDC COLORECTAL CANCER CONTROL PROGRAM
HELPED SCREEN AN ADDITIONAL 2000 OREGON RESIDENTS OVER THE
LAST FOUR YEARS.**

In 2020, the cost of colorectal cancer care was **\$24.3 billion**, which was about **11.6% of the \$208.9 billion total cost** to treat cancer in the U.S.*** Getting more residents screened on time for colorectal cancer could significantly reduce CRC treatment costs through prevention and early detection.
