

# A LITTLE BIT ABOUT ME!

---

**Diagnosed at 29  
stage III rectal cancer**

**Immunotherapy!**

**Lynch syndrome (PMS2)  
MSI-High**

**Author,  
2026 Ambassador,  
& Colon Club member**

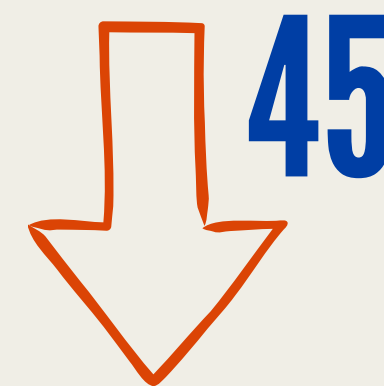

# SCREENING AND AWARENESS SAVE LIVES

- Know the signs and symptoms
- Start a conversation

- Schedule your colonoscopy!

- Pay attention to your body

# IMPORTANCE OF SELF ADVOCACY

**You know your body best!**

**Be relentless until  
you feel seen & heard!**

**Have the facts about your  
family history, genetics,  
and patterns you notice!**

# TAKE ACTION!
