RAISED FOR RESEARCH SINCE 2016

WHAT WE CLIMBED FOR

Since 2016, Climb for a Cure has united relentless champions who bravely face colorectal cancer. This year we climbed in Flagstaff, AZ and Lake George, NY, and hundreds more climbed their own way across the nation, from Alaska to Florida.

Thank you to every climber, donor, sponsor and volunteer who joined us in this year's Climb for a Cure. Climb for a Cure funds:

- **Early-onset colorectal cancer (EOCRC) Think Tanks** that put the sharpest minds on the cancer hitting young people hardest.
- **The Path to a Cure Report**, the roadmap researchers and funders use to move faster.
- **Research grants** through our Global Research Collaborative.

INTERESTED IN NEXT YEAR'S CLIMB?

Email fundraising@fightcrc.org to hear about it first.

"As a mom of a daughter fighting CRC, it was amazing to join other fighters, caretakers and survivors. I am so thankful we do not have to face this diagnosis alone!"

2026 CLIMBER · LAKE GEORGE, NY

TOP FUNDRAISERS

TEAM NEVER STOP CLIMBING	\$3,174
BETH NASH	\$2,995
HOMETREE INTEGRATIVE WELLNESS	\$2,318

THANK YOU, CLIMBERS, SPONSORS, VOLUNTEERS AND DONORS

You carried this one to the summit. Help us do it again in 2027.
